PRICE LIST

WHITE LLM NURSERY CO.

Hartland, Wis.

TERMS AND CONDITIONS OF SALE

Delivery: These prices include free delivery to such places as can be reached without unreasonable expense.

Guarantee: We guarantee to replace free of charge all plants which fail to grow, providing they have been given proper care, payment has been made when due, and notification of such failures is made before September 1, following delivery. Planting of such replacements is additional.

Terms: A discount of 2% will be made if paid within ten days from date of invoice; 30 days net.

Quantity Discounts: Five or more of one variety will be priced at tens rate, and fifty or more at hundreds rate.

Location: Located at Federal Highway 16, 1/4 mile east of State Highway 83, 24 miles west of Milwaukee at the west limits of Hartland. Can also be reached by Milwaukee-Oconomowoc bus line and the C. M. St. P. & P. R. R.

## TREES

3

each      10      100

The diameter (or caliber), "C",  
is measured 6 inches above the  
ground.

An extra charge will be made for  
stock selected in the nursery.

Owing to the labor situation, we  
do not expect to be able to dig  
any deciduous stock with a ball  
of earth this spring.

## MALUS (CRABAPPLE)

The following crabs are quoted by caliber(diameter), instead of height, as in the past.

This seems to us to be a fair method, as a 6 foot tree might be tall and thin while another having had more room to develop might be the same height but more bushy and sturdy. The diameter of the trunk is the best gauge of the actual size and value of any tree.

	each	10	100
$\frac{3}{4}$ -1"C	2.00	1.75	1.50

## ALDENHAMENSIS

Semidouble rose-pink flowers, foliage reddish-brown, fruit purple.

## ARNOLDIANA

Low spreading tree with semidouble pink flowers in bud opening to almost white. Fruit yellow, size of cherry.

## BECHTELS CRAB

Double pink

## CORONARIA (WILD SWEET CRAB)

Large single pink flowers.

## DOLGA

Upright growing, white flowers, bright red fruit.

## ELEYI

Single rose-pink, dark red fruit.

## MALUS, continued

## FLAME

Pink flowers, small red fruit.

## FLORIBUNDA

Spreading type, buds carmine-red, changing to pink, then white; fruit size of a pea, yellow, changing to red.

## HOPA

Upright, red flowers and fruit.

## NIEDZWETSKIANA

Red foliage, flowers and fruit.

## PARKMANI

Irregular shaped tree with slender branches, carmine buds, semi-double pink flowers, and small red fruit.

## RED SILVER

Red flowers and leaves, delicate silver underneath.

## SARGENTI

Dwarf spreading tree, single white flowers, small red fruit.

## SCHEIDECKERI

Upright, semi-double pale pink flowers, yellow fruit.

## SIEBOLDI ARBORESCENS

Flowers and fruit similar to M. Sargentii but taller growing.

## THEIFERA (TEA CRAB)

Rosy-red buds opening to pale pink; vase shaped habit of growth.

The plants quoted are all strong transplanted stock of sufficient age and strength to bloom the first year.

\* Designates rock plants.

Heights given are of plants when in bloom.

These prices include delivery and our usual guarantee, except when requested dug out of season. Special prices will be made on large quantities or without delivery or guarantee. Three of one variety will be sold at 10's rate. An extra charge will be made for plants selected and staked when in bloom or dug with a ball of earth.
